

**BIRTH AND DEATH
RECORDS**

HOCKING COUNTY, OHIO

**YEAR ENDING
1 MARCH, 1857**

Birth and Death records for the year ending 1 March, 1857 for Hocking County were found in the attic of the court house when the records were moved into the annex.

These were the only records prior to the 1867 mandatory records keeping that were found. These records are very hard to read and very fragile. Because of this there are some names that we are not sure of the spelling.

If the names are handwritten above the original writing on the pages, we were able to see the original writing using magnifying glasses to see the faded writing on the form. It was not dark enough to print when photo copied.

You may find it necessary to also use them to help read the form.

We are enclosing an index along with the photo copies of the pages. Notice some of the pages were sewn together. One township did not often record the child's name , just the parents. The last page does not list the township.

The county is fortunate to have these early records. The records have been copied with the assistance of the Records Depository, the Commissions, and Hocking County Chapter OGS, and compiled by Kay Wilson.

Reprinted Dec. 2011
